To Whom It May Concern:

Re: MARKEM Chemical Products and EU Directive 2002/95/EC (RoHS) Requirements

EU Directive 2002/95/EC states that lead, mercury, cadmium, hexavalent chromium, polybrominated biphenyls and polybrominated diphenyl ethers shall be banned from electrical and electronic equipment. The limits are 0.1% by weight for lead, mercury, hexavalent chromium, polybrominated biphenyls or polybrominated diphenyl ethers and 0.01% by weight for cadmium.

The MARKEM chemical product(s) listed below do not contain lead, mercury, hexavalent chromium, polybrominated biphenyls or polybrominated diphenyl ethers in amounts greater than 0.1% (1000 ppm) by weight or cadmium in amounts greater than 0.01% (100 ppm) by weight. MARKEM does not intentionally add any of these substances to its chemical products. The presence of bromide in MARKEM chemical products does not indicate the addition of polybrominated biphenyls or polybrominated diphenyl ethers.

MARKEM Part Number: 8092644

Product Name: 9060 White

Restricted Material	Amount (mg/kg)	EPA Test Method
Cadmium (Cd)	< 0.5 mg/kg	SW 6010B
Hexavalent Chromium (Cr [VI])	< 0.5 mg/kg	SM 3500-CrD
Mercury (Hg)	< 0.5 mg/kg	SW 7470A
Lead (Pb)	< 2.5 mg/kg	SW 6010B
Polybrominated Biphenyls (PBBs) (as bromide)	< 10 mg/kg	300.0
Polybrominated Diphenyl Ethers (PBDEs) (as bromide)	< 10 mg/kg	300.0

Sincerely,

Richard Berry  
Director, Environmental Health and Safety
