

Content Information of PFOS and Related Compounds

Supplier code	
Supplier name	Sumitomo Bakelite Singapore Pte Ltd
Maker name	

No.	Process	Produce name/Process	Name of the material or surface processing such as PFOS and organofluoric compounds, etc.	Subpart/Usage	Existence of an alternative technology (Y/N)	Outline of the alternative technology	Problem in using the alternative technology	Timing for switching
Entry example 1	Your company	Thin membrane PCB	Etching liquid	Etching	No	—	No alternative substance has been found	Not determined
Entry example 2	Primary supplier	Ink	PFOS	Fluorochemical additive agent	Yes	Changed to an alternative substance	Decrease of performance	Not determined
1	Sumitomo Bakelite Singapore Pte Ltd	Epoxy Molding compound	PFOS	Not use
